WELCOME

Greenery that works as hard as you do.

Welcome to the Leaf collection: more than 900 premium artificial trees, plants, flowers and planters, all held in stock at our Lincolnshire warehouse.

Every tree and plant is photographed in a real interior, so that scale, colour and finish can be judged at a glance. Stems are shown individually and to scale to make arrangements simple to specify, and our fire-rated and UV-stabilised ranges are brought together on pages 4 to 7 for commercial and outdoor projects.
